Pertinent Statutes Used for Public Purpose:

In accordance with NRS 279.486, the CVIP applicant has submitted a signed and notarized Participant Affidavit and Employment Plan which states that without the Redevelopment Agency's assistance, the proposed project would not be completed to a level that would benefit the redevelopment area and the surrounding neighborhood. Any potential job creation opportunities will be advertised within the surrounding neighborhoods for qualified applicants.

How Does the Project Benefit the Public:

The original building has been vacant for a number of years. The CVIP applicant purchased the building and land for redevelopment. The original building was demolished to make way for new wedding chapel that that will increase the

property tax base for the lot. In addition to the increased property taxes the wedding chapel will provide additional tax revenue through sales of services. The new building will provide a significant positive visual impact within the surrounding neighborhood.

Quantitative Economic Benefits:

\$2,000,000.00 is being fed into the local economy through the employment of local contractors and all materials used for the project are bought locally.

Private Investment:

Applicant and bank loans will be funding the project cost of approximately \$2,000,000.00. Once the project is completed, then the CVIP will reimburse the applicant for \$50,000.00

Public Investment:

The CVIP program requires a 1:1 match from the applicant for all pre-approved exterior improvements. Once the project is complete the Redevelopment Agency will record a Façade Easement and Building Maintenance Agreement against the property for a period of five years. At the end of five years, the property is façade easement and building maintenance agreement is removed from the property.
